THE TIME FOR TRAINING IS NOW!

**Classes taught at the Brigham City Chambers and Virtual
20 North Main, Brigham City, Utah**

When the "Big One" hits people would need public shelter during freezing temperatures. Most power, water and communications would be out initially, and may not be restored in some areas for months. Fires could be widespread. Police and firefighters will be so overwhelmed that they will not reach many people for days, so neighbors would need to rely on each other for help. Only those with training will be of much value. When it hits it will be too late to get the training.

**EarthquakeTrack.com reports 44 earthquakes on the
Brigham City segment alone in the past year!**

*We cannot underestimate the importance of emergency planning,
nor can we assume we'll have ample warning time.
When an emergency hits, preparation time is done,
and our planning or lack thereof goes into action,
and creates our future!*
